

SWAP2005 - Program

Wednesday, Dec 14 - Tutorials at ITC-IRST

	From	To	Program
	08:30	09:00	Welcome and Registration
			Ivan Herman
Tutorial 1.1	09:00	11:00	'Introduction to the Semantic Web'
	11:00	11:30	Coffee Break
			Ivan Herman
Tutorial 1.2	11:30	13:30	'Introduction to the Semantic Web'
	13:30	14:30	Lunchbreak
			Enrico Franconi
Tutorial 2.1	14:30	16:30	"(Description) Logics for Information Modelling and Access -- or -- How to Use an Ontology"
	16:30	17:00	Coffee Break
			Enrico Franconi
Tutorial 2.2	17:00	19:00	"(Description) Logics for Information Modelling and Access -- or -- How to Use an Ontology"
			End 19:00

Thursday, Dec 15 - Faculty of Economics

	From	To	Program
	08:30	09:00	Welcome and Registration
Ontologies & Annotation	09:00	09:30	An environment for ontology design and enrichment from texts Michel SIMONET (TIMC lab, Universite Joseph Fourier GRENOBLE) Delphine BERNHARD (TIMC lab, Universite Joseph Fourier GRENOBLE) Gayo DIALLO (TIMC lab, Universite Joseph Fourier GRENOBLE) Severine GEDZELMAN (TIMC lab, Universite Joseph Fourier GRENOBLE) Radja MESSAI (TIMC lab, Universite Joseph Fourier GRENOBLE)
	09:30	10:00	Ontology Driven Text Mining for Cost Management Processes Roberta Cuel (University of Trento) Francesco Bellomi (University of Verona) Roberto Biscaro (Creactive Consulting S.p.A.)
	10:00	10:30	Semi-Automatic Semantic Annotations for Web Documents Nadzeya Kiyavitskaya (University of Trento) Nicola Zeni (University of Trento) James R. Cordy (Queens University) Luisa Mich (University of Trento) John Mylopoulos (University of Toronto)
	10:30	11:00	A theoretical framework for ontology evaluation and validation Aldo Gangemi (Laboratory for Applied Ontology, ISTC-CNR) Carola Catenacci (Laboratory for Applied Ontology, ISTC-CNR) Massimiliano Ciaramita (Laboratory for Applied Ontology, ISTC-CNR) Jos Lehmann (Laboratory for Applied Ontology, ISTC-CNR)
	11:00	11:30	Coffee Break

SWAP2005 - Program

Matching & Alignment	11:30	12:00	Matching Hierarchical Classifications with Attributes Paolo Bouquet (Universita' degli Studi di Trento) Stefano Zanobini (Universita' degli Studi di Trento) Luciano Serafini (ITC-IRST) Simone Sceffer (ITC-IRST)	
		12:00	12:30	Aligning ontologies and lexical resources: a Protege-based platform Alessandro Oltramari (LOA-CNR) Laurent Prevot (LOA-CNR) Stefano Borgo (LOA-CNR)
		12:30	13:00	oMAP: An Implemented Framework for Automatically Aligning OWL Ontologies Umberto Straccia (ISTI-CNR) Raphael Troncy (ISTI-CNR)
		13:00	13:30	Linguistically motivated Ontology Mapping for the Semantic Web Maria Teresa Paziienza (University of Rome, Tor Vergata) Armando Stellato (University of Rome, Tor Vergata)
	13:30	14:50	Lunchbreak - 80mins	
Projects and Applications	14:50	15:20	The DBin project Tummarello Giovanni (DEIT, Universita' Politecnica delle Marche, Ancona) Morbidoni Christian (DEIT, Universita' Politecnica delle Marche, Ancona) Paolo Puliti (DEIT, Universita' Politecnica delle Marche, Ancona) Piazza Francesco (DEIT, Universita' Politecnica delle Marche, Ancona)	
	15:20	15:40	Talea: An ontology-based framework for E-Business applications development Guido Levi (CSP Innovazione nelle ICT s.c.a.r.l.) Andrea Vagliengo (CSP Innovazione nelle ICT s.c.a.r.l.) Anna Goy (Universita' di Torino)	
	15:40	16:00	Representation and management of ontologies in cultural heritage domain Cristina Ghiselli (Universita' degli Studi dell'Insubria) Loris Bozzato (Universita' degli Studi dell'Insubria) Alberto Trombetta (Universita' degli Studi dell'Insubria)	
	16:00	16:20	NPBibSearch - An Ontology Augmented Bibliographic Search Harald Sack (Universitat Jena, Germany)	
	16:20	16:40	Semantic Navigation through Multiple Topic Ontologies Roberto Boselli (Universita' di Milano Bicocca) Flavio De Paoli (Universita' di Milano Bicocca)	
	16:40	17:00	Coffee Break	
		17:00	17:20	Ontology-based Remote Collaboration for the Development of Software Systems Marco Mari (Universita' degli Studi di Parma) Agostino Poggi (Universita' degli Studi di Parma) Paola Turci (Universita' degli Studi di Parma)
	17:20	17:40	Web-pages annotation and adaptability. A semantic portal on the International Space Station C. Albanese (MARS Center) F. Mele (Istituto di Cibernetica Consiglio Nazionale delle Ricerche) A. Calabrese (Istituto di Cibernetica Consiglio Nazionale delle Ricerche) G. Minei (MARS Center)	

SWAP2005 - Program

	17:40	18:00	The EduOnto Project Corrado Petrucco (Universita' di Padova) Anna Nadin (Universita' di Padova)
	18:00	18:20	The ontologies to support the definition of the knowledge society Annalisa Barone (Diviana e-consulting) Paolo Di Pietro (Diviana e-consulting)
Poster Session	18:30	19:30	Poster Session & Aperitive
	21:00		Social Dinner
Friday, Dec 16 - Faculty of Economics			
	From	To	Program
Theoretical Foundations	09:00	09:30	Dissimilarity of ALC Concept Descriptions Claudia d'Amato (Universita' degli Studi di Bari) Nicola Fanizzi (Universita' degli Studi di Bari) Floriana Esposito (Universita' degli Studi di Bari)
2.5hrs	09:30	10:00	Querying Distributed Ontologies: Understanding Distributed Instance Retrieval Luciano Serafini (ITC-IRST) Andrei Taminin (University of Trento)
	10:00	10:30	Introducing Context into RDF Knowledge Bases Paolo Bouquet (University of Trento) Luciano Serafini (ITC-IRST) Heiko Stoermer (University of Trento)
	10:30	11:00	An ILP Perspective on the Semantic Web Francesca Lisi (Universita' degli Studi di Bari) Floriana Esposito (Universita' degli Studi di Bari)
	11:00	11:30	Efficiently Managing Data Intensive Ontologies Diego Calvanese (Free University of Bozen-Bolzano) Giuseppe De Giacomo (Universita' di Roma La Sapienza) Domenico Lembo (Universita' di Roma La Sapienza) Maurizio Lenzerini (Universita' di Roma La Sapienza) Riccardo Rosati (Universita' di Roma La Sapienza)
	11:30	12:00	Coffee Break
Frameworks & Systems	12:00	12:30	A Semantic Framework for Adaptive Hypermedia Systems Francesca Carmagnola (Universita' di Torino) Federica Cena (Universita' di Torino) Cristina Gena (Universita' di Torino) Ilaria Torre (Universita' di Torino)
	12:30	13:00	Ontology-driven Information Retrieval in FF-Poirot Roberto Basili (University of Roma) Marco Cammisa (University of Roma) Marco Pennacchiotti (University of Roma) Fabio Massimo Zanzotto (University of Milano Bicocca) Dario Saracino (Knowledge Stones S.r.l.)

SWAP2005 - Program

	13:00	13:30	Speaking Words of WISDOM: Web Intelligent Search based on DOMain ontologies Paolo Bouquet (Universita' degli Studi di Trento) Sonia Bergamaschi (Universita' degli Studi di Modena e Reggio Emilia) Paolo Ciaccia (Universita' degli Studi di Bologna) Paolo Merialdo (Universita' degli Studi Roma Tre)
	13:30	14:30	Lunchbreak - 60mins
Knowledge-based Projects & Services	14:30	15:00	Technical Issues in the Development of Knowledge-Based Services for the Semantic Web Carlos Pedrinaci (Parque Tecnologico de San Sebastian) Tim Smithers (Parque Tecnologico de San Sebastian) Amaia Bernaras (Idom)
	15:00	15:30	From Text to Knowledge for the Semantic Web: the ONTOTEXT Project B. Magnini (ITC-irst) M. Negri (ITC-irst) E. Pianta (ITC-irst) L. Romano (ITC-irst) M. Speranza (ITC-irst)
	15:30	16:00	An n-ary Language for Representing Narrative Information on the Web Gian Piero Zarri (University Paris 4-Sorbonne)
	16:00	16:30	Improving Semantic Awareness of Knowledge-based Applications through Structural Disambiguation Federica Mandreoli (Universita' di Modena e Reggio Emilia) Riccardo Martoglia (Universita' di Modena e Reggio Emilia) Enrico Ronchetti (Universita' di Modena e Reggio Emilia)
	16:30	17:00	Enhanced access to eGovernment services: temporal and semantics-aware retrieval of norms Fabio Grandi (Universita' di Bologna) Maria Rita Scalas (Universita' di Bologna) Riccardo Martoglia (Universita' di Modena e Reggio Emilia) Enrico Ronchetti (Universita' di Modena e Reggio Emilia) Federica Mandreoli (Universita' di Modena e Reggio Emilia)
End 17:00
